About Us

- Bapumiya Sirajoddin Patel Arts, Commerce and Science College, Pimpalgaon Kale (MS) run by Satpuda Shikshan Va Gramin Vikas Sanstha Palshi Vaidya, is the premier centre of higher learning in remote Rural area of Vidarbha affiliated to the SGBAU, Amravati (MS). The college has magnificent campus of 3 acres of land, with the natural surrounding which provides a great potential for teaching and learning. The Arts, Commerce & Science graduation studies began in the college in 2009 so it is now completed 11 years of its excellence and glorious service to the nation. The college had a meteoric rise and developed into a premier institution of education. This is the only granted science college in Jalgaon Jamod Taluka. The college is marching towards academic leadership in the Sant Gadge Baba Amravati University region and now recognized at national level by the National Assessment and Accreditation Council (NAAC) from Bangalore, which is an autonomous body established by university grants commission, accredited and certified our college with “B” Grade.
- Karamveer Bhaurao Patil College, Vashi is one of the finest institutes of Rayat Shikshan Sanstha which was established in 1979. It is an ISO 9001-2015 certified institute. The college is conferred with an Autonomous status by UGC and has been accredited for third cycle by NAAC with A+ grade and CGPA 3.53 IN 2017. Center for Research, Consultancy and Technical services (CRCTS) is in the college campus with a fully GLP complaint state-of-the-art Research, Consultancy and Technical facility.

About workshop

- This Workshop is aimed to train the students and scholars of life sciences. This workshop will enhance the knowledge on advance techniques for their scientific experiment and research. This workshop includes theory as well as hands on sessions of basic techniques used in molecular biology such as gel electrophoresis, and PCR and advance instruments viz., HP-TLC, SEM. HP-TLC specially tailor made for the pharmacy, life science graduates and researchers for getting enriched with the applications of HP-TLC in herbal drug development. The Scanning Electron Microscope has ability to produce images of sample with high magnification while retaining the high resolution. In Biological science it is used to study cell morphology and in microbiology one can perform investigation of bacteria and viruses and their interaction with their surfaces.
