**Venue:** Katepurna Wildlife Sanctuary and Plant Biotechnology Department PDKV, Akola

**Tour Highlights:**

Department of Zoology and Botany has collaboratively organized one day study tour under Satpuda Nature's Club and Biological Society for B.Sc. I, II- and III-year students as per the prescribed syllabus of Sant Gadge Baba Amravati University, to visit Katepurna Wildlife sanctuary and PDKV, Akola on 10/03/2022. Katepurna Wildlife sanctuary is 120km from our college. Katepurna Sanctuary is situated on the right-hand side of Akola-Mangrulpir State Highway which is just 37 km from Akola town. Sanctuary spreads over in Akola and Washim district. The best season for visit is from November to March but is good throughout the year.

Katepurna Wildlife Sanctuary spread over an area of 73.69 sq.km., sanctuary derives its name from the Katepurna River, which flows south to Northward almost through the central part of the sanctuary. This sanctuary area is a catchment of Katepurna reservoir, and it forms aquatic habitat for many floral and faunal species. The landscape is undulating and offer interesting contrast between the plateau and the plains. Katepurna reservoir provides perennial water source

as well as picturesque site for nature lovers. The reservoir is also rich in aquatic biodiversity of various types of fishes. The sanctuary attracts large number of winter migratory birds between November and March. The administration and management of this sanctuary comes under the control of Divisional Forest Officer (Wildlife), Akola. There are over 115 species of plants at this sanctuary such as Bahada, Dhawada, Moha, Tendu, Khair, Salai, Aola, Teude, etc. Trees of Vad, Umber, Arjun, Kalamb are found in the moist areas. While returning from katepurna wildlife sanctuary we have visited the Waghagarh mandir.

On the same day, students also visited to Department of Plant Biotechnology, PDKV, Akola. All the students have studied about the various instruments, their principle and working. The instruments viz., PCR, Centrifuge, Electrophoresis apparatus, Laminar Air Flow, Autoclave, Incubator, Culture growth chamber/ Room, DNA extraction method, were present in department. Plant Tissue Culture Laboratory and green house were seen by the students. The demonstration of the instruments, their facilities and about their ongoing projects were beautifully explained by Dr. Darasingh Rathod.
